

Main Page - /lcs

- Needs to support multiple sheets for a single player
- Abilities should modify stats but limit player to picking max one quick and one action
- Rolling should happen in program
- Healthbar needs to support more than 100%? (Blue bar?)
- Offhand should not be selectable for 2 handed weapons

Tech Tree Editor

The image shows a UI mockup for a 'Tech Tree Editor'. It features a blue rectangular frame. At the top, there are three buttons: 'Character Name' on the left, 'LCS Compendium' in the center, and 'Save Changes' on the right. Below these buttons is a large, empty blue rectangular area. In the center of this area, the text 'Tree – Scroll? Tooltips' is displayed in a light gray font.

- Needs to ensure that lower level talents are selected if higher level ones are (basically, validation)
- Prevent more than 20 checkboxes
- Provide details where needed by the players in tooltips

- Needs to answer player questions
- Needs to be searchable, probably...
